

Workshop Series

A free education session for parents and caregivers

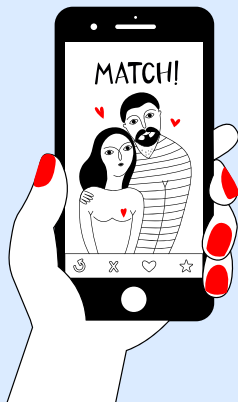

Online Dating in the Teen World

Oct 21st, 2021

6:30pm – 8:00pm

via Zoom (space is limited)

As the Covid-19 pandemic continues it is important for parents and caregivers to be proactive in their young persons life. Our team has recognized that website applications have become a place for young people to connect with strangers which puts them at risk of exploitation. Our team aims to equip you with the tools to approach your child or youth about these topics. As well as provide you with a toolkit that gives an overview of the signs of exploitation along with resources to support young people and families.
